There a lot of films produced with soul in them nowadays. So it is much easier to tell you about the best films of the last five years. First couple should be inseparate and be called ones of the best. Of course, I am talking about Barbie and Oppcheimer. Both of them having quite different styles and setting have brought with some important themes or subject to our society: being tolerate and avoiding the mistakes of the past.

Like ten years ago, ^{the} superhero genre of film was at its peak. But what for now, if you want to stay in industry, you must impress the viewers. That is exactly what Sony did again with their Spider-man: Across the Spideverse. The unforgettable animation style keep grabbing our attention being not the regular superhero film. But if they went on with the same theme of the first chapter, the film ~~would be~~ ~~the~~ ~~worst~~ ~~films~~ ~~list~~.

~~My~~ My friend once said that Russ in boots duology had been the best of all times for him. The second part ~~wasn't~~ ~~disappointing~~ so I agree with him.
